Assignment Content

Labs are given in class with the purpose to complete them in the class time. This allows students to ask questions and reduces take home work.

Lab due dates are 20 minutes before the start of the following weeks class. Any submissions after the due date are subject to 5% per business day they are late, up to 25%. Submissions received later than 1 week after the due date will be up to the instructors discretion.

Part 1: Who? What? Where? When? Why? How? (1.5%)

Question 1

Consider a database for a restaurant, write two questions for each of the following groups that might be answered by the data stored in a database. The questions should be unique to their user group.
